

# Glue Gun Safety

Glue guns are used to join materials together quickly!

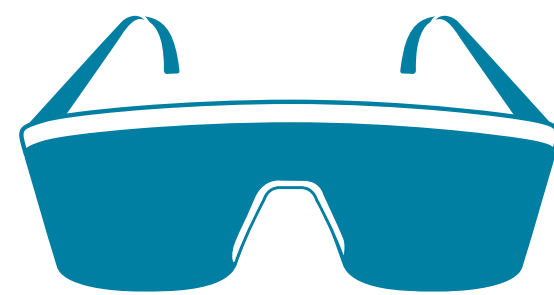

## Tips:

1. It is **HOT**, keep hands **AWAY** from the nozzle/glue
2. Only keep your hand on the trigger
3. Watch for people around you!

If you get **burned!**  
Let a teacher/Adult know!

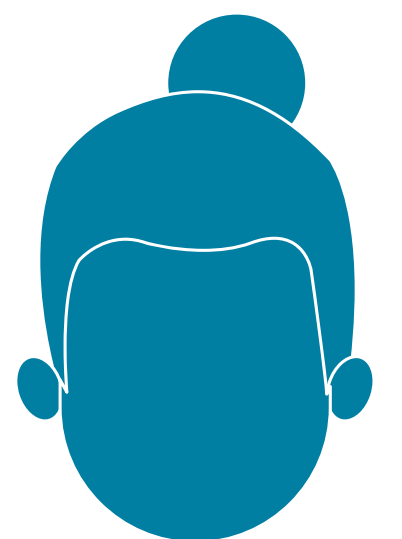

Put the hurt area under **cold water** for at least 60 seconds

During use, you must...

wear safety goggles

tie up long hair

wear close-toed shoes
